

Volume Discount Program

Volume discounts are based on the following discount schedule. Volume Discounts are cumulative within our fiscal year, January 1 through December 31 and calculated on invoiced annual fiscal year sales less any credits or adjustments. You may obtain increasing discount levels by purchasing more during the year.

\$2,500 - \$ 4,999	2.5%
\$5,000 - \$14,999	5%
\$15,000 - \$24,999	7 ½%
\$25,000 - \$44,999	10%
\$45,000 - \$74,999	15%
\$75,000 and up	20%

To qualify for the volume discount program you must pay within terms established with Lake County Nursery.

When invoiced, freight shall be separate and non-discountable. All sale priced, net priced or nursery stock purchased at our Express Plant Center™ are non-discountable, but will count toward your annual discount level. Lake County Nursery, Inc. reserves the right to change or cancel this program at any time for any reason.
